

BARCHEF TEAM-BUILDING SEMINAR

INTRODUCTION

Guests will be greeted with a BarChef signature cocktail upon arrival.

Several stations will be set up around the room for guests to prepare culinary- inspired cocktails. Each station will be stocked with the same ingredients with the potential to create many different styles of drinks.

One of our Bar Chefs will deliver an in-depth presentation on how to create a balanced cocktail. He will also demonstrate some of our molecular techniques and some mixology 'flair' that guests can practice at home.

COST

Our team building events typically last for 2 hours. The price per guest (including one welcome cocktail each, seminar and cocktail workstations) is **\$75 per person, plus tax**. An **18% gratuity** will be applied for all events held at BarChef.

Additional food and beverages will be billed separately. Event minimums will apply depending on time of day and number of guests.

TUTORIAL

- What "Bar Chef" means and what we specialize in
- The definition of a cocktail and how to achieve balanced flavours
- A demonstration of some practical and functional mixology tricks, such as flaming an orange zest to release the essential oils, the correct way to muddle ingredients, using egg whites for viscosity, and how to make your own bitters and syrups at home

TEAM-BUILDING

Following the tutorial guests will be separated into groups of 4 – 6. We will then explain what ingredients and tools the groups have to create a signature cocktail, how much time they have, and what the judges will be looking for in their cocktail and cocktail presentation (balance, technique, appearance, creativity, inspiration and flavour).

Once the allotted time is up, each group will submit one cocktail to be judged by our bar team -- you also have the option to add one of your senior staff members to the panel.

Upon careful consideration, our judging panel will proclaim one team the winner and award a prize. BarChef will provide score cards for the judges and a prize for every member of the winning team.
