Valet Parking

A luxurious and memorable addition to any event, valet parking provides convenience, security, and peace of mind for your guests. An on-site dedicated event manager will act as your direct point of contact, offering superior service and ensuring your event's success.

Traffic Directing

We understand that managing parking is stressful, and when poorly executed, can impact your guests' overall experience. Gatsby Valet alleviates that stress and worry by assisting guests in finding parking efficiently while maximizing the available physical space. In addition to providing directional parking assistance, we will help to locate and secure parking for your function and help to negotiate the best possible rate.

Designated Driver Services

We offer uniformed personal chauffeurs to drive your guests in the luxury of their own vehicle and remain at their service throughout the booking, as well as a designated driving service - ideal for guests who require a one-way service for themselves and their vehicle.

Shuttle Services

Gatsby Valet offers discounted pricing on various shuttle services such as golf carts, and limousines to ensure that your event seamless and stress-free. Whether you need shuttle service to-and-from locations or a "chase" service to transport your clients safely between locations, Gatsby Valet is pleased to accommodate.
