inTUNE is dedicated to connecting with organizations and individuals who welcome a trusted partnership.

We believe that if we deliver consistent and creative events, considering every detail with openness and innovation, transcendent and timeless moments will result.

We are much more than a DJ service; we are a full client care team of DJ's/Emcee's and Planning Professionals. It is a collective effort, streamlined to provide reassurance and support to our clients leading up to and including event day.

OUR PACKAGES ARE CUSTOMIZED AND COMPLETELY UP TO YOU.

Start with our fundamental package,

The Dancing Crowd - you can then add anything you need from our specialized a la carte menu.

THE DANCING CROWD.

This option covers from guest arrival to the last dance of the evening. The DJ will provide a great mix of tunes through the decades, make some announcements, potentially run some fun games/giveaways and interact where necessary. The focus is on the music which is where memories are made after all!

A LA CARTE.

Add one or add them all! Each of our specialized services will enhance your experience and provide your guests with a one-of-a-kind event.

Emcee services where inTUNE will execute your custom-created itinerary, as well as host on the microphone, making all important announcements and providing an interactive experience.

Dance floor lighting with Custom LED lights overlooking the dance floor.

Uplighting which is typically used in strategic locations within the room, adds a unique vibe and atmosphere. It is a beautiful nice-to-have.

THE FULL MONTY.

What if you want that extra mile? What if you are thinking...
"We want to party like it's 1999, and not worry about a thing! Special lighting, a party of the year gathering with an emcee who can handle all communication and orchestrating our specific event day itinerary. We need someone we trust to smoothly run the evening so that we can be in the moment and enjoy every second."

The Full Monty is just that, all our specialized A La Carte services rolled into one easy package. You would also be working closely with our planning professionals in advance of event day to finalize your itinerary. Our DJ/Emcee will host the reception dinner based on this itinerary, making all important announcements, introducing speeches and running games/giveaways as well as host the after-dinner party with incredible music and guest requests leaving no space on the dance floor unused.

This is a wonderful way to bring your event to the next level and we highly recommend it.
