AND MORE**

Event Team

**Mathu
Kamalakaran**

Event Planner

As a Professional Engineer/Project Manager I have strong communication, leadership, organization, time management, problem-solving, risk management, negotiation, adaptability, budgeting, team management, stakeholder management, and technical skills. These skills enable me to plan events on time, within budget, and to client satisfaction.

**Amalraj
Joseph**

Event Planner

As a Manager/Department Lead I am responsible for overseeing and coordinating the work of others within an organization or team, typically tasked with achieving specific goals and ensuring efficiency and productivity. I play an important role in the execution and delivery in projects and this directly translates to my role in this business.

FULL PLANNING

- Comprehensive event planning from concept to execution
- Consultation to clarify vision, objectives, and budget
- Venue selection, vendor hiring, budget management, and timelines
- Design, décor planning, on-site management, and more
- Creative, detail-oriented, seamless execution
- Open communication for stress-free, memorable events

PARTIAL PLANNING

- Designed for those who have already made substantial event planning progress
- Professional guidance to enhance and refine your special event
- Assistance in finding and recommending vendors that match your needs
- Attendance at chosen vendor meetings for support and guidance
- Meticulous oversight to ensure every event detail is perfectly planned

DAY OF COORDINATION

- Provides an on-site Event Manager for the day of your event
- Ensures smooth execution and overall event coordination
- Handles time management, vendor coordination, and setup oversight
- Addresses issues, assists guests, and manages program/schedule
- Oversees quality control, cleanup, and contingency planning
- Additional support as needed for a flawless event experience

COMBINED SERVICES

- Full Planning packages include day-of coordination and event management
- Partial Planning can be combined with Event Management for hands-on support on the event day
- All services are fully customizable to your needs and budget
- Initial consultation leads to a tailored quote with recommended services and optional add-ons
- Transparent view of what fits into your budget, plus potential upgrades
- Collaborations with trusted vendors ensure quality control and peace of mind

Our Services

Our Approach

Strategic Planning & Consultation:

- Vision workshops and goal setting
 - Budget development and optimization
 - Tailored timelines and critical path scheduling
-

Venue & Vendor Management:

- Venue sourcing and negotiation
 - Catering, décor, and technical vendor coordination
 - Contract management and quality assurance
-

On-Site Logistics & Operations:

- Professional on-site staff and production teams
- Attendee experience management (registration, seating, accessibility)
- Contingency planning and real-time problem solving

What Sets Us Apart

1

INDUSTRY EXPERTISE

Our skilled team specializes in Corporate Events, Galas, Fundraisers, Conferences/Seminars, Festivals, Tradeshows/Expos, Award Ceremonies, and more

2

CLIENT-CENTRIC APPROACH

We function as an extension of your team, providing personalized, high-touch service and open communication at every step.

3

QUALITY ASSURANCE

From well-vetted vendor partners to carefully crafted run-of-shows, we maintain the highest standards of professionalism and execution.

4

TECHNOLOGY-DRIVEN SOLUTIONS

We embrace technology for efficient registration, engaging virtual components, and real-time analytics.
